

Acrylic ORDERING INFO

How to order a curved or contoured acrylic.

A) Get piece of cardboard, paper, posterboard, etc..

B) Place the cardboard on a hard flat surface. Stand the acrylic on end and carefully trace around the acrylic with a fine pen or pencil. Must be exact drawing.

C) Measure the width with a flexible tape on the back side(2). i.e. Measurement must be exact. Do not round off, i.e. 32-1/8 not 32-1/4.

D) Measure length from end to end.

E) Write down Make, Model, Serial Number and Mfg. date of your bed. This information is usually located underneath or on the back of your machine.

F) Any special features, i.e. facials, maskings, must be noted and measured exactly.

G) Package or fold carefully and mail to the address below.
